EDUCATIONAL MISSION STATEMENT

100

Mission Statement of the Pleasanton Public School District

Through cooperation of students, staff, family and community our mission is to offer everyone educational opportunities to excel and become responsible citizens in an ever-changing world.

101 EDUCATIONAL OBJECTIVES/GOALS/VALUES

101 Governing Values

We Believe that everyone can learn and excel in a positive environment.

We Believe the quality of education improves with cooperation of student, staff, parents, and community.

We Believe in offering the tools necessary for life long learning.

We Believe in instilling attitudes to produce responsible citizens who can cope and adapt in an ever-changing global community.

We Believe n encouraging excellence.

Other Objectives:

1. Every teacher is teaching in his or her field of competency as available and resources permit, and is improving his/her professional education.
2. The school should be adequately staffed to meet the current and future needs of the students and the community.
3. There should be good communication among all teachers, administrators, and parents.
4. There should be a learning environment that enhances the building of a positive self-concept, thus enabling each student to attain optimum development.
5. Several methods of instruction should be provided to meet each individual student's needs.
6. The school should provide an adequate physical plant that is conducive to positive learning.
7. A diversified program of studies should be provided to prepare the students for post-secondary education and employment.

8. A well-rounded instructional program should create an awareness of their surroundings and motivate an interest and appreciation of the Fine Arts and Foreign Language.
9. It is the responsibility of the Board, to select a competent Superintendent and to develop the policies that comply with the State Accreditation to develop the best possible education for each student.
10. It is also, the responsibility of the Board of Education to develop an annual budget that carries out the educational needs of the school.
11. The superintendent is the executive officer of the Board of Education. He/she is expected to assume a leadership position in the school and community. It becomes his/her obligation to enforce the policies of the Board.
12. The educational program is under the directorship of the principal. The supervision of the faculty, the plant and the scheduling of the academic program come under his jurisdiction.
13. The school endeavors to:
 - a. Develop and reinforce high moral and ethical values.
 - b. To lead the pupils to understand the importance of the individual, to the family, the community and the State.
 - c. Aid the pupil to develop clear, logical thinking and good judgment to the affairs of daily living.
 - d. The school endeavors to develop the ability to communicate ideas in students.
 - e. To teach the pupils to use their leisure time well and to budget it wisely.
